## UNDERSTANDING THE TCAP ACHIEVEMENT TEST RESULTS

This guide has been prepared to help you understand the TCAP Achievement Test results and may be helpful when making important decisions regarding instructional needs for classes and individual students.

Before talking with parents or guardians, you should first familiarize yourself with the student's test performance. Discussion can often begin by carefully reviewing the Individual Profile Report (IPR) with the parent/guardian.

To assist you with your discussion, following are a few points to emphasize:

- Test scores represent achievement in particular areas at only one point in time.
- Test scores must be reviewed together with the student's actual classroom work and other factors.
- Test results are valuable when reviewed holistically with other scholastic achievement.

Educators and administrators will receive a variety of TCAP Achievement reports. The chart below shows the report name, the target audience, and the distribution (teacher, school, or system).

Please Note: The Tennessee Department of Education has taken precautions to maintain security around report data. A paper copy of the IPR is provided for the students and parents/guardians as usual, but all other reports will be posted only to Pearson Access in PDF format for download by schools and systems.

## INTRODUCTION

Each spring, Tennessee students in grades 3-8 take an achievement test as part of the Tennessee Comprehensive Assessment Program (TCAP). The TCAP Achievement Test has fresh, non-redundant test items and is customized yearly to measure the basic academic skills in reading/language arts, mathematics, science, and social studies. Content knowledge and the application of that knowledge in these subject areas are assessed. The TCAP Achievement Test uses multiple-choice questions and has set time limits. Reports with actual student performance can be found on Pearson Access at [www.pearsonaccess.com/tennessee](http://www.pearsonaccess.com/tennessee).

## CRITERION-REFERENCED SCORE INTERPRETATIONS

To interpret criterion-referenced reports, a student's performance is measured against specific standards or criteria, rather than to the performance of other test takers.

These curriculum standards, as defined by the State of Tennessee, provide expectations for student accomplishment. From these expectations, Performance Indicators were written to describe how the expectations would be measured. On the TCAP Achievement Test, each test item is directly linked to a Performance Indicator. Performance Indicators are clustered into Reporting Categories for the reports described in this document.

## FEATURES INCLUDED ON ALL REPORTS

- A** Displays the name of the report appearing in this area.
- B** Shows the content area and grade level being reported.
- C** Provides a purpose statement. The reader is introduced to the reason for the report and how the information may be used.
- D** Gives a graphical representation of how students performed in each Reporting Category. These "Performance Level Indicators" are labeled as follows:
  - Below Proficient – Demonstrates a lack of understanding of the essential concepts and skills of the content area.
  - Proficient – Demonstrates general understanding of the essential concepts and skills of the content area.
  - ★ Advanced – Demonstrates an understanding of the application of complex concepts and skills of the content area.
- E** Shows the Reporting Category Performance Index (RCPI) – For each Reporting Category, the RCPI is an estimate of the number of items a student would be expected to answer correctly if there had been 100 such items for that category. For example, an RCPI of 72 means the student would be expected to get 72 items out of 100 correct.

# INDIVIDUAL PROFILE REPORT

The Individual Profile Report (IPR) is intended primarily for students and parents. The IPR provides information regarding a student's performance on the total test and in each Reporting Category. RCPI results can be used to help identify areas of student strengths and needs in each Reporting Category. This report provides important information that can be used for instructional planning specific to the student and it also provides a point of reference for the teacher during a parent-teacher conference. Additional information from a student's classroom performance is essential for sound instructional planning.

- A** States the student's name and identifying information.
- B** Identifies the student's teacher, school system, and school name.
- C** Indicates the name of the test and the test form.
- D** Offers a brief description of the student's test results, including the student's scale score and overall performance level for the test.
- E** Lists the content areas of the test called "Reporting Categories." Performance on each Reporting Category identifies areas of student strengths and needs across different content areas of the test.
- F** Displays a symbol that represents the student's Performance Level in each Reporting Category.
- G** Provides the student's RCPI for each Reporting Category. The RCPI is an estimate of the number of items the student would be expected to answer correctly if there had been 100 such items for that category.
- H** Shows the bar graph which represents how the student performed in each Reporting Category based on the RCPI. The graph allows you to see how close the student's score was to the next higher or lower performance level.
- I** Gives the RCPI required for each Reporting Category to reach the Proficient and Advanced levels.
- J** Features information about the skills assessed within each reporting category.

**Purpose:** This report provides a comprehensive record of your student's performance on the Reading/Language Arts portion of the TCAP Achievement Test. It is a source of information for instructional planning specific to your student and a point of reference for the teacher during a parent-teacher conference.

**Your Student's Performance**

A graphic representation of your student's performance on the Reporting Categories of Reading/Language Arts is shown to the right. The Performance Level achieved in each Reporting Category is represented by the following symbols:

**Performance Level Indicators**

★ = Advanced  
● = Proficient  
○ = Below Proficient

Reporting Categories	Student Performance Level	Student RCPI	Performance Level	RCPI for Proficient	RCPI for Advanced
Content	★	85		43	84
Meaning	★	90		33	83

Writing/Process	●	34		30	59
Grammar/Conventions	★	95		44	77
Techniques and Skills	●	52		32	60

**Your Student's Scale Score is: 475**

**Performance Level: Proficient**

For Reading/Language Arts, the highest possible scale score is 690 and the lowest possible scale score is 330.

**The Reporting Categories Performance Index (RCPI)** is an estimate of the number of items your student would be expected to answer correctly if there had been 100 such items for the category.

Represents your Student's Reporting Category Performance Index (RCPI)  
Represents the Proficient range of the Reporting Category  
Represents the Confidence Band  
The line to the right and left of the RCPI symbol represents the range in which your student would most likely score in a similar test experience.

**Proficiency in 6<sup>th</sup> Grade Reading/Language Arts indicates sufficient evidence exhibited by, but not limited to, a student's ability to:**

In **Content**, determine whether a given statement within a passage is fact or fiction, distinguish among literary genres, determine the main idea of a plot, their causes, how they influence future actions, and how it is resolved, recognize first person point of view, and select an appropriate summary statement and determine whether the theme is stated or implied.

In **Meaning**, predict future events of a passage, select questions to clarify thinking, evaluate text for fact and opinion, recognize that purpose determines text format, identify stated or implied cause and effect relationships, and draw inferences from selected text.

In **Vocabulary**, recognize and use grade appropriate and/or content specific vocabulary within context, choose correct meaning of multiple meanings words in context, use knowledge of root words, affixes, syllabication, and/or spelling patterns as aids in determining meaning within context, select appropriate synonyms, antonyms, and homonyms within context, and use context clues, dictionaries, thesauruses, electronic sources, and glossaries as aids in determining the meaning of unfamiliar words.

In **Writing/Organization**, select an appropriate title that reflects the topic of a written selection, rearrange multi-paragraphed work in a logical and coherent order, select appropriate concluding sentence for a well-developed paragraph, supply missing piece of information in an outline, and select appropriate time-order and transitional words/phrases to enhance the flow of a writing sample.

In **Writing/Process**, complete a graphic organizer with information from notes for a writing selection, identify the purpose for which a text is written, identify sentences irrelevant to a paragraph's theme or flow, choose supporting sentences that best fit the context flow of ideas in a paragraph, identify within context a variety of appropriate sentence-combining techniques within context, and select best way to combine sentences to provide syntactic variety within context.

In **Grammar/Conventions**, identify correct use of nouns, pronouns, verbs, adjectives, adverbs, and commas within context, recognize usage errors occurring within context, identify correct spelling of plurals and possessives, identify sentences with correct subject-verb agreement within context, choose the correct use of quotation marks and commas within context, identify the correct use of colors, and choose the most appropriate integration to complete a sentence.

In **Techniques and Skills**, use common text features to make meaning from text, locate information using available features, locate and verify information to support opinions, predictions, and conclusions, select sources from which to gather information on a given topic and determine their reliability, analyze use of simile, metaphor, personification, and hyperbole, identify correctly and incorrectly spelled words in context, identify the most reliable source of information for preparing a report or project, and analyze effects of sound in context.

## CLASS ROSTER REPORT

The Class Roster Report provides the teacher with a comprehensive analysis of student performance on the TCAP Achievement Test. In addition, the report shows the student's performance in each Reporting Category.

- A** Identifies the Teacher name, School name, and System name.
- B** Outlines the number correct and scale scores for each Performance Level.
- C** Displays the number correct for each student.
- D** Shows the scale score for each student.
- E** Provides the overall Performance Level for each student.
- F** Lists Performance Level and RCPI for each reporting category for each student. The RCPI is the estimate number of items a student would be expected to answer correctly had there been 100 similar items for that Reporting Category.
- G** Gives the Average RCPI for each Reporting Category for the Teacher, School, System, and State. The RCPI required to reach the Advanced and Proficient levels is also listed.

# SCHOOL REPORTING CATEGORY PERFORMANCE INDEX REPORT

The School Reporting Category Performance Index Report provides an analysis of proficiency in each Reporting Category and the average performance by Reporting Category. The results may be used to analyze curriculum strengths and areas of need.

- A** Lists the School name and System name.
- B** Displays the content areas being reported.
- C** Shows the average RCPI in each Reporting Category for each classroom. The column also displays the proficiency symbol by classroom in each Reporting Category.
  - ☐ Below Proficient – Demonstrates a lack of understanding of the essential concepts and skills of the content area.
  - ☒ Proficient – Demonstrates general understanding of the essential concepts and skills of the content area.
  - ★ Advanced – Demonstrates an understanding of the application of complex concepts and skills of the content area.

Achievement Form T

**Purpose:** This report provides an analysis of proficiency in each Reporting Category and the average performance by Reporting Category. The results may be used to analyze curriculum strengths and areas of need.

**Reporting Categories Performance Index (RCPI)** is the estimated number of items the student would be expected to answer correctly had there been 100 similar items for that Reporting Category.

**Performance Level Indicators**  
 ★ = Advanced  
 ● = Proficient  
 ○ = Below Proficient
